

LEE'S LEDGER

A FOUR DECADE STREAM OF CONSCIOUSNESS

LEDGER: An account book of final entry,
containing all the accounts.

FORWARD

What are the accounts of final entry for a four decade stream of consciousness? Certainly not entries of money gain or loss!

The entries in a ledger of a forty year stream of consciousness and conscious realizations can only be an account showing insights. Insights sourced in unconscious mentality when enunciated, assume a life of their own.
